SKILLS

Languages: C++, Python, C, Java, JavaScript, MS SQL
Tools/Platforms: MongoDB, MS SQL Server, Anaconda, Figma, Framer, GitHub
Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn
Soft Skills: Problem-Solving, Team Player, Project Management, Adaptability

INTERNSHIP

Intern Elite | Artificial Intelligence | Link *Jul' 25 – Sept' 25*

- Trained in Python, data analysis, statistics, ANN, and CNN with hands-on model building.
- Worked on real-time AI projects like stock prediction, heart attack prediction, digit recognition, and voice assistant.
- Gained practical experience in training neural networks and applying ML/DL techniques to industry-style problems.

PROJECTS

Local Technician Finder | MERN Stack, REST APIs, Full-Stack Development | **GitHub** *Jun–Jul'25*

- Built a full-stack platform for discovering verified local technicians with features like ratings, reviews, and location-based sorting.
- Developed a responsive React frontend with service listings, booking forms, technician profiles, and an optional admin dashboard.
- Implemented Node.js/Express backend with secure CRUD operations, slot management, and MongoDB integration for optimized data flow.

Trivia Quiz Web Application | Python, JavaScript, Flask, REST API | **GitHub** *Sept–Dec' 24*

- Built an interactive quiz platform with dynamic MCQs, real-time scoring, timers, category-wise difficulty control using Flask+JS.
- Integrated Open Trivia Database API for randomized question sets, boosting replay value and improving average session by 72%.
- Designed a clean, responsive UI using HTML/CSS/Bootstrap, achieving a 93% user satisfaction score in feedback surveys.

TRAINING

Cipher Schools (Edtech Company) | Full Stack Web Dev | Link *Jun' 23 – Jul' 23*

- Built responsive and accessible web interfaces using HTML5, CSS3, JavaScript (ES6) and DOM manipulation techniques to enhance interactivity and usability.
- Applied Object-Oriented JavaScript and modular coding practices to develop scalable frontend features aligned with modern web standards.
- Developed multiple React.js projects using functional components, JSX, event handling, forms, routing, and third-party API integration, ensuring real-world application functionality.

CERTIFICATES

MS SQL | *Intellipaat* *Sept' 25*

Data Analytics with Python | *NPTEL* *Apr' 25*

Full Stack Web Development | *Placify Technologies* *Sept' 25*

Mastering in C: Basic to Beyond | *CSE Pathshala* *Mar' 24*

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug' 23 – Present
Computer Science and Engineering;
CGPA: 6.46

S V Govt. Model School Baran, Rajasthan
Intermediate Mar' 21 – May' 22
PCM;
Percentage: 62%

S V Govt. Model School Baran, Rajasthan
Matriculation Mar' 19 – May' 20
Percentage: 67%
